**Description:**

IObit Malware Fighter 6 is a powerful and comprehensive anti-malware and anti-virus program that protects your PC against malware and viruses in real-time.

With the world leading Bitdefender antivirus engine, IObit Anti-malware engine, and Anti-ransomware Engine, IObit Malware Fighter 6 can remove the latest spyware, adware, ransomware, Trojans, keyloggers, bots, worms, hijackers, and viruses, etc. Meanwhile, IObit Malware Fighter 6 can also ensure you a more secure browser and system with 6 protections in

Browser Protect and 8 guards in Security Guard.

The new Safe Box and the improved Anti-ransomware Engine double protect your PC from the latest ransomware attacks. Besides, MBR Guard is added to protect your PC against the malicious attacks targeting MBR, like GoldenEye/Petya attacks. Another new feature worth mentioning is Notification Center that offers a 1-click solution to view and manage all important messages.

Last but not least, the upgraded IObit Cloud Security powered by you will greatly expand our database and enhances the threats detection and removal.
