Description:

IObit Uninstaller 7 is the perfect solution for uninstalling unwanted programs, bundleware, browser plugins, and Windows Apps. It removes malicious browser plugins, toolbars, and injected programs to give you a secure and smooth online surfing experience.

IObit Uninstaller 7 pays high attention to bundleware and bundled plug-ins removal. All the bundled products will be listed when you uninstall any one of them, which enables you to remove the other installed bundleware and bundled plugins easily and completely. With newly added Software Updater, it is also simple and easy to keep your important programs always up to date.

What's more, thanks to the enhanced scan engine and Force Uninstall feature, all leftovers can be removed thoroughly from your computer just like they were never installed in your PC. For Windows 8 and above, IObit Uninstaller 7 helps you uninstall the Windows Apps to free up more system space.

What's New:

- + Newly supported removing bundleware & bundled plugins completely.
- + Added Software Updater to update important programs easily and quickly.
- + Enhanced scan engine for faster and more thorough scan.
- + Improved uninstall process for better user experience.
- + Supported two skins: White & Classic.
- + Supported 38 languages.
- * And more can be discovered by you.
