Description:

Advanced SystemCare Ultimate is a powerful and full-scale PC security and performance utility. It provides you with a one-stop solution to protect your system against viruses, ransomware, and other malware, as well as clean, optimize, and speed up your PC.

With the greatly improved IObit Anti-Ransomware Engine, the latest world-leading Bitdefender antivirus engine, and the greatly expanded database (30% larger than previous version), Advanced SystemCare Ultimate 13 brings your PC security to a much higher level. It not only prevents your files from being encrypted by hackers or illegally accessed by third-party programs, but also protects your PC against various viruses and malware in real time. Besides, the brand new Email Protection protects your web emails against spam, phishing scam, and other email-borne threats. Moreover, Advanced SystemCare Ultimate 13 optimizes Privacy Shield, Browser Anti-Tracking, Surfing Protection & Ads-Removal, FaceID, Real-Time Protector, and Homepage Advisor. These optimized features can better protect your PC and privacy against secret accesses to your sensitive data, digital fingerprint being stolen, cryptocurrency mining attacks, online threats, annoying ads, unauthorized accesses, homepage & search engine modifications, and so on.

Meanwhile, Advanced SystemCare Ultimate 13 also offers you plenty of features to maximize your PC performance. The powerful 1-click approach helps you easily clean up junk files & invalid shortcuts, sweep privacy traces, remove spyware threats, accelerate Internet speed, manage startup items, and fix system weaknesses & security holes. The optimized Performance Monitor helps you monitor PC's RAM/CPU/Disk usage, CPU/GPU/Mainboard temperature, and fan speed in real time, and enables you to end the unneeded processes easily to speed up your PC. The improved Startup Manager and Turbo Boost can intelligently stop the unnecessary startup items, apps, and services to further accelerate your PC. The upgraded Software Updater helps you update 60% more programs to their latest versions at the earliest time. What's more, Advanced SystemCare Ultimate 13 also rebuilds and improves over 10 useful tools, such as File Shredder, Context Menu Manager, Win Fix, Internet Booster, Smart RAM, Large File Finder, Disk Cleaner, Undelete, and DNS Protector to further clean and optimize your PC.

In summary, Advanced SystemCare Ultimate 13 provides you with the most comprehensive protection and the ultimate optimization for your PC.
